

SAE flange face covers for external covering of flange faces and bodies. The cylindrical shape of the SAE flange protector ensures optimal coverage of the entire flange shape. The inner blade of the cover smoothly follows the outer diameter dimension of the flange.

- **Material:** LDPE
- **Color:** red

It is possible that the required quantity will not be in stock. In this case, we will contact you.

Selected variant

Product name	External SAE flange face covers, LDPE, red
Product code	0
Flange type	3,000psi
Cap diameter D (mm)	84,2
Height H (mm)	12
Packaging - info (pcs)	150
Nominal flange diameter (inch)	2 1/2"
Color	červená
Cap height H (mm)	12
Diameter D (mm)	84
