

Hose clamps with deformation lugs are used for non-separable hose connections.

To deform the lugs, [deformation clamp pliers](#) are used. In an emergency, splitting pliers can also be used with caution. For use in corrosive environments, we recommend [stainless steel deformation clamps](#).

- **Material:** galvanized steel

Selected variant

Product name	W1 deformation clamps
Product code	0
Diameter (mm)	13-15
width	7,5

Variants
