

HSL hose clamps are designed for thick-walled hoses and are designed for conditions with high loads (construction compressors, quarries, open-pit mines).

The clamps resist abrasion, impact and other destructive influences.

Easy assembly is ensured by two screws

- **Material:** galvanized cast iron

## Selected variant

<b>Product name</b>	Hose clamp HSL
<b>Product code</b>	0
<b>dimension</b>	40-49

## Variants

Product name	Product code	QTY	dimension
HSL hose clamp	00642	0	17-22
Hose clamp HSL	00644	0	29-34
Hose clamp HSL	00643	0	22-29
Hose clamp HSL	00645	0	33-40
Hose clamp HSL	00646	0	40-49
Hose clamp HSL	00648	5	58-76
Silent block thread-thread, Type 3	00647	13	49-60
Hose clamp HSL	00650	0	94-115
Hose clamp HSL	00649	0	77-94
Hose clamp HSL	00651	0	89-101
HSL hose clamp	00652	0	103-113
Hose clamp HSL	00653	0	106-127
Hose clamp HSL	00654	0	115-130
Hose clamp HSL	00656	0	151-165
HSL hose clamp	00657	0	176-194

Product name	Product code	QTY	dimension
HSL hose clamp	00658	0	190-202
Hose clamp HSL	00660	0	224-240
Hadicová objímka HSL	00661	0	289-330
	00655	0	128-144
	00659	0	210-226
