

- **Insert material:** steel
- **Lever material:** zinc
- **Color:** black

On request, it is possible to produce a chrome-plated lever.

On request, it is possible to produce a special insert, hole or color variant.

Selected variant

Product name	Adjustable clamping lever with thread and ball, metal
Product code	19235
Length L (mm)	79
Diameter M (mm)	27
Diameter d (mm)	19
Weight (g)	146
Thread depth E (mm)	17
Height C (mm)	48
Thread D	M12
Height H (mm)	69
