

The MAXI-OPEN hose clamp has a quick-open lock and is therefore particularly suitable for fastening large diameter hoses.

The hose clamp is made in the form of a perforated tape with a width of 12.7 mm.

- **Material:** galvanized steel W1 or chrome-nickel steel W4

Selected variant

Product name	Hadicová spona Maxi-Open
Product code	0
Material	W1
Diameter (mm)	50-370
width	12,7
